

7 segment PMOD

Provides 2 seven segment digits on a single PMOD port (by sacrificing the DP--period--in exchange for being able to select the driven display)

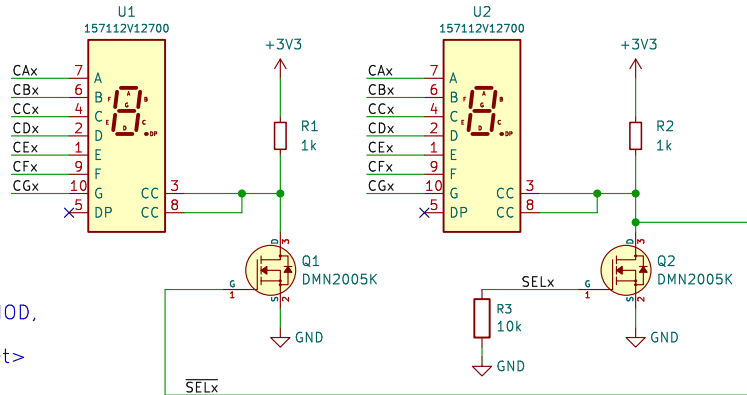

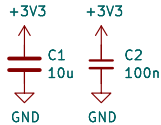

10129382-912001BLF

Pmod Connector

A,B,C... are the segments.

SEL HIGH selects the lower (right) digit,
SEL LOW selects the higher (left) digit

This is loosely based on the icebreaker 7 segment PMOD,
